Final Technical Report DOE/GO/13142-1

Project Title: Advanced Biorefining of Distiller's Grain and Corn Stover Blends: Pre-Commercialization of a Biomass-Derived Process Technology

Award Number: DE-FC36-03GO13142

Recipient: Abengoa Bioenergy, 16150 Main Circle Drive, Suite 300, Chesterfield, MO 63017

Project Locations: Chesterfield, MO; & York, NE; Franklinton, NC; Golden, CO, Brampton, ON; Auburn, AL.

Project Period: January 1, 2003 through December 31, 2009

Date of Report: September 15, 2010

Written by: Patrick Mulvihill, Weidong He, Meidui Dong, James Schelert, Yong Zou, Aziz Ahmed, LeRoy Holmes, and Quang Nguyen

Program Managers: Quang Nguyen, Dan Brown

Principal Investigators: Patrick Mulvihill

Subcontractors: Auburn University, National Renewal Energy Laboratory (NREL), SunOpta

Cost-Sharing Partners: Novozymes North America (NZNA)

DOE Project Team:

DOE Field Project Officer: Gene Petersen, 303 275-4937, gene.petersen@go.doe.gov

DOE Contract Specialist: Robert Kingsley, 303 275-4796, bob.kingsley@go.doe.gov

DOE Project Engineer: Josh Messner, 720 356-1287, josh.messner@go.doe.gov
