INDEX TO PLACE OF PUBLICATION
OF ASME PAPERS

1978-1988

Compiled and Edited by

MASTER

DISTRIBUTION OF THIS REPORT IS UNLIMITED

INTRODUCTION

This index is a list of American Society of Mechanical Engineers (ASME) Papers that are reprinted in the ASME Transactions series of journals. ASME Papers are often cited only by their paper number, making it difficult to determine if the article has ever appeared in print in the journal literature. This index will be useful for tracking down those papers published as journal articles by the ASME. It will also serve as a guide for retention for subscribers to the ASME Papers and Transaction Series. Paper numbers that appear in the journals may be weeded from the collection of ASME Papers.

This report is a supplement to the Index to Place of Publication of ASME Papers 1950-1977 published by General Electric Company, 1981.

The editor wishes to thank Ms. Marion Benson, Librarian (retired) at ANL for the many years of meticulous record keeping and the foresight to recognize the importance of this index.

Key to Abbreviations

J. Applied Mechanics	Journal of Applied Mechanics
J. Biomedical Eng.	Journal of Biomedical Engineering
J. Dynamic Sys. Meas. & Cont.	Journal of Dynamic Systems, Measurement and Control
J. Energy Resources Tech.	Journal of Energy Resources Technology
J. Eng. Gas Turbines & Power	Journal of Engineering for Gas Turbines and Power
J. Eng. for Industry	Journal of Engineering for Industry
J. Eng. for Power	Journal of Engineering for Power
J. Eng. Materials & Tech.	Journal of Engineering Materials and Technology
J. Fluids Engineering	Journal of Fluids Engineering
J. Heat Transfer	Journal of Heat Transfer
J. Lubrication	Journal of Lubrication
J. Mech. Trans. & Autom. in Des.	Journal of Mechanisms, Transmissions and Automation in Design
J. Mechanical Design	Journal of Mechanical Design
J. Pressure Vessel Tech.	Journal of Pressure Vessel Technology
J. Solar Energy Eng.	Journal of Solar Energy Engineering
J. Tribology	Journal of Tribology
J. Turbomachinery	Journal of Turbomachinery
J. Vib. Ac. St. & Rel. in Des.	Journal of Vibration, Acoustics, Stress, and Reliability in Design
