

TABE Raw Footage Transfer from Mini DV 2004 Capitol Shot 2-05

Film begins with shots of the Capitol building from a distance and zooms to be close-up.

Moves to film a protest or demonstration outside of building... Can hear the protesters yelling and chanting. At one point the chant is "Si se puede" (Yes we can), which is followed by a cheer. Other things that are said afterwards that aren't clear enough to transcribe.

Film shows various shots of flying flags, statues and the area surrounding the capitol building in Austin.
