## The President General's / Americanism Award Score Sheet

The **President General's State Society and Chapter Activities Streamer Award** recognizes chapters and state societies for their efforts to achieve the administrative goals of the SAR and who contribute to the success of the SAR. The **Americanism Awards (Allene Wilson Groves Award** for state societies and the **Liberty Bell Award** for chapters) recognizes the societies and chapters that participate in outreach education efforts and who acknowledge community leaders for their efforts to perpetuate the goals of the SAR. The **President General's Cup** recognizes the chapter that best achieves the goals of both the President General's and Americanism Awards.

Beginning in 1978 (last revised in 2020), chapters and state societies compete by accumulating points awarded for participation in various SAR activities. The competition runs from **January 1st to December 31st**. Completed entries should be emailed to the National Americanism Committee Chairman at the address provided on the Cover Sheet no later than **March 15th**. **To be considered a complete entry, this form must have all tabs completed and be received in its entirety by the National Americanism Committee Chairman by 11:59 pm (Eastern Time Zone) by the stated deadline.** Supporting documentation may be asked for if necessary.

For the purpose of calculating the winner of the President General's Cup, no individual score sheet category may count for more than 20% of the total score. No chapter will be eligible for this award unless it has scored points in at least 75% of the score sheet categories. The chapters in the President General's Cup competition will be judged using a weighted equation on a per member basis.

### **Awards:**

**Four (4) first place Liberty Bell awards, four (4) President General Streamer awards** and **four (4) President General's Cup awards** will be presented to chapters based on membership groups of 1 to 49; 50 to 99; 100 to 199; and 200 or more members. **Four (4) first place Allene Wilson Groves awards** and **four (4) first place President General Streamer awards** will be presented to state societies based on membership groups of 1 to 199; 200 to 499; 500 to 999; and 1,000 or more members. A state society or chapter may not win in two (2) consecutive years unless there are no other entries in that category in the second year. When a chapter or state society is ineligible to win but would have won based on point totals, then that chapter or state society will receive an Honorable Mention.

### **General Guidelines:**

- (1) All entries must be submitted in Excel or other edittable spreadsheet format or it will not be accepted and returned for correct submission. The entire workbook must be submitted for consideration - the cover sheet alone is not sufficient.
- (2) Membership is defined as current, paid up members -whose primary membership is in the respective chapter and state society - regardless of membership class, at January 1st (start of the contest year) and at December 31st (end of the contest year). The January 1st total determines the classification the entry will be placed in. The December 31st total is used to calculate the per capita total for the PG Cup contest. Both membership numbers must be entered for an entry to be considered for the contests.
- (3) A chapter or state society may only count the activities of those SAR members who are primary members of that chapter or state. **Activities of dual members cannot be counted.** Compatriots participating in an event outside the boundary of their primary membership state society will earn points for their primary chapter and state society regardless of where the event is located.
- (4) Stated maximum number of points apply to chapters only. State Societies may accumulate points in excess of the stated chapter maximum in any category unless a specific state society cap is stated on the tab.
- (5) In order to encourage compatriots to participate in Revolutionary War era uniforms or clothing, additional points may be earned for the wearing of a uniform or period attire. No additional points may be earned for carrying or firing a firearm at an event since laws allowing such firing vary from location to location.
- (6) Points may be earned for awarding a medal or certificate to an individual; however, points may not be earned for awarding a Certificate of Appreciation to that same recipient. For example, if a JROTC medal is presented to a cadet, points cannot be earned for presenting that same cadet a Certificate of Appreciation.

(7) In order to earn points for conducting a youth contest or other program, there must be at least one (1) named contestant / participant in the program.

**(8) Where specific data entry is required, the form most often has drop down menus provided. In this case, selection is only allowed from the provided menu options. Any attempt to enter data that is not in the menu options will result in an error message that will require the submitter to cancel /delete the erroneous data and make a selection based on the menu options.**

**(9) When transferring data either into or out of this form, the compatriot should use "Copy & Paste" only. Using "Cut & Paste" has been demonstrated to corrupt the embedded formulas.**

(10) Abbreviations should be avoided if possible and as much descriptive language should be used given constraints of the provided cell sizes to avoid misunderstanding the data entry.
