

## **FORT SAM HOUSTON, TX**

### **Demographics**

The following tables provide a short description of the area near the installation/activity. FORT SAM HOUSTON is within San Antonio, TX, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
San Antonio MSA	1,592,383

The following entities comprise the military housing area (MHA):

County/City	Population
Atascosa	38628
Bexar	1392931
Comal	78021
Guadalupe	89023
Kendall	23743
Medina	39304
Wilson	32408
<b>Total</b>	<b>1,694,058</b>

### **Child Care**

This attribute captures the number of nationally accredited child-care centers within the local community: 20

### **Cost of Living**

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income	(US Avg \$41,994)	\$39,140	Basis: MSA
Median House Value	(US Avg \$119,600)	\$77,100	
GS Locality Pay	("Rest of US" 10.9%)	10.9%	
O-3 with Dependents BAH Rate		\$1,138	
In-state Tuition for Family Member		Yes	
In-state Tuition Continues if Member PCSs Out of State			

### **Education**

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	301,450	16 of 16 districts
Students Enrolled	270,614	16 of 16 districts
Average Pupil/Teacher Ratio	16.1:1	16 of 16 districts
High School Students Enrolled	78,376	16 of 16 districts
Average High School Graduation Rate (US Avg 67.3%)	86.7%	16 of 16 districts
Average Composite SAT I Score (US Avg 1026)	985	16 of 16 districts
Average ACT Score (US Avg 20.8)	21	16 of 16 districts
Available Graduate/PhD Programs	9	
Available Colleges and/or Universities	10	
Available Vocational and/or Technical Schools	16	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.1%	3.4%	4.0%	5.2%	5.5%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	2.1%	1.1%	.9%	.7%	1.9%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	39,826	Basis: MSA
Vacant Sale Units	6,699	
Vacant Rental Units	15,650	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	4,405	3,995	1,592,383	Basis: MSA
Ratio	1:361	1:399		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	6,775.0	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from FORT SAM HOUSTON to nearest commercial airport: 8.0 miles

Is FORT SAM HOUSTON served by regularly scheduled public transportation? No

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

**SUMMARY OF SCENARIO ENVIRONMENTAL IMPACTS [TABS WORKING DRAFT]****SCENARIO #MED-0029 TITLE: MED-0029 REALIGN WALTER REED / DISESTABLISH AFIP**

**GENERAL DESCRIPTION:** Realign Walter Reed Army Medical Center by disestablishing AFIP and relocating the Armed Forces Medical Examiner, DNA Registry and Accident Investigation to Dover Air Base. Outsource Clinical Pathology Services and establish a Program Management Office at the National Naval Medical Center, Bethesda to provide coordination of pathology results, contract administration, and QA/QC of DoD second opinion consults worldwide. Relocate Legal technician training to Ft Sam Houston. National Medical Museum and Tissue Repository remain in current locations as stand alone entities. Contract or eliminate all other services.

**Notes:**

- 1) Walter Reed Medical Center loses 471 personnel.
- 2) Fort Sam Houston gains 35 personnel and no MILCON

**ANALYST: COL CRABTREE****DATE: 3/10/05**

<b>Env Resource Area</b>	<b><i>Gaining</i> Installation Assessment Inst Name: Ft. Sam Houston</b>	<b>Analyst Comments (&amp; data source(s) that drive assessment)</b>
<b>Air Quality</b>	No Impact.	#213 –In Attainment for all criteria pollutants #211 – No exceedences reported or projected assuming 1% increase in personnel at Fort Sam Houston. #220 – Holds 1 Minor Operating Permit (Natural Minor) #218 – No mission impact indicated
<b>Cultural/Archeological/Tribal Resources</b>	No impact, due to no construction required.	#233- 80% of installation has been surveyed for cultural resources #235 –895 Historic props identified #230 – 344 arch resources reported on installation w/no restrictions (Camp Bullis) #231 – No Native People sites identified #236 – No Prog. Agreement with SHPO #234 – 4 non-local tribes assert interest, in formal consultation #232 – Areas with high archaeological potential identified. ISR2-No adverse impact to mission
<b>Dredging</b>	No impact	Dredging is not part of the proposal and there are no impediments to dredging.
<b>Land Use Constraints/Sensitive Resource Areas</b>	No impact	#30 – 1,176 BA available – none required #201 – No constraints reported #256 – No Sensitive Resource Areas identified CERL – High encroachment projected
<b>Marine Mammals</b>	No impact	No marine areas near installation.
<b>Noise</b>	No impact	#239 –No noise contours off installation.

Threatened & Endangered Species/Critical Habitat	No impact due to no construction required.	<p>#259 – 5 TES species with impact to range areas. Species are Golden Checked warbler, Black-capped vireo, Madla’s cave meshweaver, Rhadine exilis, Rhadine infernalis.</p> <p>#260 – No critical habitat identified</p> <p>#261 – 3 Biological Opinions; 1 imposes restrictions on water pumped from Edwards aquifer.</p> <p>#262 – No development restrictions reported.</p> <p>#263 No candidate species; ISR2 shows no impact</p> <p>#264 – No candidate species/habitat reported</p>
Waste Management	No impact.	<p>#269 – Installation has RCRA Subpart X OB/OD Permit</p> <p>#265- Has RCRA TSD facility.</p> <p>#272 – Not a permitted solid waste disposal facility</p>
Water Resources	No impact due to minimal population and mission increase.	<p>#276 – Installation located over a sole-source aquifer</p> <p>#278 – McCarren Amend does not apply</p> <p>#293 – Water use restrictions have been reported (2000, 2002) – water conservation</p> <p>#824/825 indicates adequate water avail.</p> <p>IREM –potable water infrastructure can support approx. 143,000 more people.</p> <p>#279 – Installation does discharge to impaired waterway but does not impair waterway</p> <p>#282 – No Industrial wastewater treatment system</p>
Wetlands	No impact	<p>#251- Survey completed 9/99.</p> <p>#257 – 1% of installation has restricted wetlands</p>

**SUBJECT: SUMMARY OF SCENARIO ENVIRONMENTAL IMPACTS (CONTINUED); [TABS WORKING DRAFT]**

**SCENARIO # MED-0029**

Env Resource Area	<i>Losing Installation Assessment</i> Inst Name: <b>WRAMC</b>	Analyst Comments (& data source(s) that drive assessment)
Air Quality	No impact	Environmental Impact to losing installation is considered neutral or positive for all 10 resource areas.
Cultural/ Archeological Resources	No impact	
Dredging	No impact	
Land Use Constraints/Sensitive Resource Areas	No impact	
Marine Mammals/ Marine Resources / Marine Sanctuaries	No impact	
Noise	No impact	
Threatened & Endangered Species/ Critical Habitat	No impact	
Waste Management	No impact	
Water Resources	No impact	
Wetlands	No impact	

SUBJECT: SUMMARY OF SCENARIO ENVIRONMENTAL IMPACTS (CONTINUED); [TABS WORKING DRAFT]

## Summary of Scenario Environmental Impacts - Criterion 8

Scenario ID#: MED0029

Brief Description: Realign Walter Reed Army Medical Center by disestablishing AFIP and relocating the Armed Forces Medical Examiner, DNA Registry and Accident Investigation to Dover Air Base.

<b><u>General Environmental Impacts</u></b>	
<b>Environmental Resource Area</b>	<b>Dover</b>
<b>Air Quality</b>	Dover is located in a nonattainment area for ozone (8 hr). A preliminary conformity analysis shows that a conformity determination may not be necessary. The base is located within 100 miles of Brigantine Wilderness, a critical air quality region. This does not impact operations. Note that a conformity determination may be required if the cumulative effect of multiple scenarios at Dover are considered.
<b>Cultural/ Archeological/ Tribal Resources</b>	Archaeological resources are present, and one restricts potential future MFH privatization. There are also 2 historic properties not in districts that do not restrict operations. Additional operations may impact these resources and restrict operations.
<b>Dredging</b>	No impact
<b>Land Use Constraints/ Sensitive Resource Areas</b>	4 Sensitive resource areas are present but do not constrain operations. Additional operations may impact these areas and constrain operations. The base cannot expand ESQD Arcs by >=100 feet without a waiver, which may lower the safety of the base if operations are added.
<b>Marine Mammals/ Marine Resources/ Marine Sanctuaries</b>	No impact
<b>Noise</b>	No increase in off-base noise is anticipated.
<b>Threatened&amp; Endangered Species/ Critical Habitat</b>	No T&E species or critical habitats exist. No impact to T&E species is expected.
<b>Waste Management</b>	Modification of hazardous waste program may be required.
<b>Water Resources</b>	The state requires a permit for withdrawal of groundwater.
<b>Wetlands</b>	Wetlands restrict 2% of the base. Wetlands do not currently restrict operations. Additional operations may impact wetlands, which may restrict operations.

## **Criterion 8 JPAT Report**

### **Purpose**

**This report summarizes and documents the approach and process used by the Base Realignment and Closure (BRAC) 2005 Selection Criterion 8 Joint Process Action Team (JPAT).**

### **Criterion 8**

**“The environmental impact, including the impact of costs related to potential environmental restoration, waste management, and environmental compliance activities.”**

### **Executive Summary**

**The Office of the Secretary of Defense (OSD)-authorized JPAT was established to develop a Department of Defense (DoD)-wide approach to application of**

**BRAC Final Selection Criterion 8. The JPAT was tasked to define the aspects of the criterion and develop a process that would appropriately analyze the environmental impacts specified in the criterion. The JPAT would also develop a process for arraying the certified environmental data gathered for use by the Military Departments (MilDeps) and Joint Cross-Service Groups (JCSGs) in their analyses.**

### **Authority**

**The BRAC statute requires that the foundation for Secretary of Defense base realignment and closure recommendations be “the force structure plan and infrastructure inventory prepared by the Secretary under section 2912 and the final selection criterion prepared by the Secretary under section 2913.” As such, the JCSGs and MilDeps need to ensure that all eight final selection criteria are considered in developing the recommendations that will be forwarded to the Secretary of Defense.**

### **Establishment**

**Exercising authority provided by the BRAC 2005 Infrastructure Steering Group (ISG), the OSD BRAC Director and the MilDep Deputy Assistant Secretaries responsible for the BRAC process (known as the “BRAC DASs”), established a JPAT for Selection Criterion 8, commonly known as “Environmental Impact.” The Department of the Navy (DON) was designated the lead MilDep for the effort.**

### **Direction**

**The BRAC DASs directed the JPAT to develop a DoD-wide approach to application of**

Page 1: [3] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

### **BRAC Selection Criterion 8. *Mission and Concept***

**The JPAT was tasked to define the aspects of the criterion and identify a process for decision makers to appropriately consider environmental impact as required under Criterion 8. As to defining the criterion aspects, the fundamental difference between BRAC 1995 and BRAC 2005 is that additional language was added in the Defense Base Closure and Realignment Act of 1990, as amended through FY04 Authorization Act (Statute) to Criterion 8. In BRAC 1995, by DoD policy, Criterion 8 simply required**

Page 1: [4] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

**that the decision makers consider “the environmental impact” with no further definition or clarification. For BRAC 2005, the Criterion 8 Final Selection Criteria language,**

Page 1: [5] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

**the Statute, requires that the decision makers consider, “the environmental impact, including the impact of costs related to potential environmental restoration, waste management, and environmental compliance activities.” This criterion, in these terms, is not specifically defined in the statute. The JPAT’s**

**mission was therefore to establish the parameters of these terms for analysis and consideration by the decision makers. It was agreed that the terms “environmental impact”, “environmental restoration”, “waste management” and “environmental compliance” would be used and considered in the same context as they are defined in existing federal environmental laws and regulations, as well as in DoD and MilDep implementing policies**

Page 1: [6] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

**The JPAT was also tasked with developing a process for meeting the requirements of Criterion 8. In this regard, the JPAT developed three primary deliverables:**

**A template for the Installation Environmental Profiles (Appendix 1 draft) to be compiled by the host MilDeps or host Defense Agency no later than 1**

**(Appendix 3) which will document consideration of the cumulative environmental impacts of the final group of scenarios (namely, those scenarios that will be formally forwarded as recommendations) on a**

Page 1: [19] Deleted Standard Integrated Desktop 6.0 7/28/2004 2:49:00 PM

**particular gaining installation.**

### *Organization and Responsibilities*

**The Deputy Assistant Secretary of the Navy (Infrastructure Strategy and Analysis) DASN (IS&A) was designated the**

**Executive Agent for the JPAT. In that role, she was responsible for:**

- a. Overseeing the work of the JPAT**
- b. Presenting an approach and suggested data questions to the ISG for approval**

**The DASN (IS&A) subsequently identified the DON Infrastructure Analysis Team (IAT) Environmental Lead as the Executive Agent Functional Representative to provide day-to-day guidance and support to the JPAT.**

**The JPAT was composed of members from each of the MilDeps, along with members from the Office of the Secretary of Defense (Acquisition, Technology and Logistics). Representatives from the Defense Logistics Agency were added to the JPAT April 2004. The DoD IG, General Accounting Office, and the Naval Audit Service were process observers.**

**JPAT members were responsible for the following:**

- a. Developing a process to support Criterion 8 requirements.**
- b. Reviewing the BRAC 2005 Public Law, existing DoD policy and guidance to ensure compliance.**
- c. Providing a draft report on the process, including recommended integration of the environmental questions from the first**

**Data Call.**

- d. Developing suggested templates for displaying data and assessing impacts for MilDep and JCSG consideration.**

## **Process Development Approach**

**Prior to the formal establishment of the JPAT, MilDep environmental experts worked together from September through December of 2003 to develop data call questions with deliberate focus on how the data gathered by these questions could be used by the decision makers and to meet the legal requirements under Criterion 8. The goal was also to create a common set of environmental questions that were not duplicative, overlapping or inconsistent. These joint MilDep environmental questions, once synthesized through the DoD Question Review Team (QRT) process, became the environment and encroachment questions (Appendix 4) in the first**

Page 1: [21] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

**Data Call, which was approved by the Infrastructure Steering Group (ISG). The JPAT subsequently agreed that the answers to most of these questions provide sufficient data for use in the Profile portion of the Criterion 8 process.**

**It is important to note that the Criterion 8 process is not an Environmental Assessment or Impact Study under National Environmental Policy Act (NEPA). Per the BRAC statute (Section 2905(c) of the Defense Base Closure and Realignment Act of 1990,**

Page 1: [22] Deleted

Standard Integrated Desktop 6.0

7/28/2004 2:49:00 PM

**s amended through FY04 Authorization Act), the NEPA process is not triggered until the implementation of the BRAC recommendations. This Criterion 8 process is rather an effort to efficiently package and analyze the certified environmental data, thus making it easily accessible to the JCSGs and MilDep's for integration into their scenario formulation and recommendation development and analysis process.**

**The JPAT formed officially in January 2004 and met approximately every other week from inception. The initial tasks were to review process suggestions proposed by the MilDep representatives and develop consensus on the process between the services. After**

Page 1: [23] Deleted Standard Integrated Desktop 6.0 7/28/2004 2:49:00 PM

**evaluation of numerous approaches proposed by the MilDep and OSD representatives, the JPAT reached consensus. The ISG was briefed generally on April 23, 2004 on the process.**

Page 1: [24] Deleted OUSD(AT&L) 5/7/2004 9:32:00 AM

**more specifically outlined in this report**

Page 1: [25] Deleted Standard Integrated Desktop 6.0 7/28/2004 2:49:00 PM

**. The general philosophy of the analysis process is to gather sufficient comprehensive environmental data in key environmental resource areas and effectively array that data to allow the decision maker to integrate environmental considerations into the scenario and recommendation making process, and consider any impact of costs associated with**

Page 1: [26] Deleted Standard Integrated Desktop 6.0 7/28/2004 2:49:00 PM

**potential, scenario-triggered environmental restoration, waste management, or environmental compliance costs.**

**The JPAT will conduct a mock scenario run in the May/June 2004 timeframe to exercise the Criterion 8 process and develop guidelines for compiling Appendices 1 and 2.**

### **Criterion 8 Aspects Defined**

#### **Environmental Impact - Environmental Resource Areas**

**In order to assist the JCSGs' and MilDeps' analysis of the environmental impact of scenarios per Criterion 8, the JPAT developed a template (Appendix 1) that arrayed the environment and encroachment data from the first**

Page 1: [27] Deleted Standard Integrated Desktop 6.0 7/28/2004 2:49:00 PM

**Data Call into ten environmental resource areas. The ten environmental resource areas represent the primary**

**environmental media areas that are regulated under federal environmental law. They also encompass the important aspects of environmental restoration, waste management, and environmental compliance. Based on the opinions of MilDep environmental experts, these ten areas provide BRAC decision makers**

**with crucial environmental data needed to consider environmental impact under Criterion 8. These ten resource areas align with the questions in the environment/encroachment portion of the first**

### **Data Call:**

#### **Air Quality (DoD Question #210-225):**

**The Clean Air Act (CAA) establishes national standards for air quality. A major limiting factor is whether the installation is in an area designated nonattainment or maintenance and is therefore subject to the CAA General Conformity Rule. The criteria pollutants of concern include: CO, O3 (1 hour & 8 Hour), and PM (PM10, and PM2.5). Installations in attainment areas are not restricted, while activities for installations in non-attainment areas may be restricted. Non-attainment areas are classified as to the degree of non-attainment: Marginal, Moderate, Serious, and in the case of O3, Severe and Extreme. State Implementation Program (SIP) Growth Allowances and Emission Reduction Credits are tools that can be used to accommodate future growth in a manner that conforms to a state's SIP.**

#### **Cultural/Archeological/Tribal Resources (DoD Question #229-237):**

**Many installations have historical, archeological, cultural and Tribal sites of interest. These sites and access to them often**

**must be maintained, or consultation is typically required before changes can be made. The sites and any buffers surrounding them may reduce the quantity or quality of land or airspace available for training and maneuvers or even construction of new facilities. The presence of such sites needs to be recognized, but the fact that restrictions actually occur is the overriding factor the data call is trying to identify. A programmatic agreement with the State Historic Preservation Office facilitates management of these sites.**

**Dredging (DoD Question # 226-228):**

**Dredging allows for free navigation of vessels through ports, channels, and rivers. Identification of sites with remaining capacity for the proper disposal of dredge spoil is the primary focus of the profile. However, the presence of unexploded ordnance or any other impediment that restricts the ability to dredge is also a consideration.**

**Land Use Constraints/Sensitive Resource Areas (DoD Question #198-201, 238, 240-247, 254-256, 273):**

**Land use can be encroached from both internal and external pressures. This resource area combines several different types of possible constraints. It captures the variety of constraints not otherwise covered by other areas that could restrict operations or development. The areas include electromagnetic radiation or emissions, environmental restoration sites (on and off installation), military munitions response areas, explosive safety quantity distance arcs, treaties, underground storage tanks, sensitive resource areas, as well as policies, rules, regulations, and activities of other federal, state, tribal and local agencies. This area also captures other constraining factors from animals and wildlife that are not endangered but cause operational restrictions. This resource area specifically includes information on known environmental restoration**

**costs through FY03 and the projected cost-to-complete the restoration.**

**Marine Mammal/Marine Resources/Marine Sanctuaries (DoD Question #248-250, 252-253):**

**This area captures the extent of any restrictions on near shore or open water testing, training or operations as a result of laws protecting Marine Mammals, Essential Fish Habitat, and other related marine resources.**

**Noise (DoD Question # 202-209, 239):**

**This resource area addresses incompatible land use within various noise contours off the installation. With respect to the noise questions the identification of acres in the higher noise contours were thought to be the most important indicator of capacity. Noise abatement procedures are also a concern.**

**Threatened and Endangered Species/Critical Habitat (DoD Question #259-264)**

**The presence of threatened and endangered species (TES) can result in restrictions on training, testing and operations. They serve to reduce buildable acres and maneuver space. The data in this section reflects listed TES as well as candidate species, designated critical habitat as well as proposed habitat, and restrictions from Biological Opinions. The legally binding conditions in Biological Opinions are designed to protect TES, and critical habitat. The data call seeks to identify the presence of the resource, TES, candidate or critical habitat, even if they don't result in restrictions, as well places where restrictions do exist.**

**Waste Management (DoD Question # 265-272):**

**This resource area identifies whether the installation has existing waste treatment and/or disposal capabilities, whether there is additional capacity, and in some case whether the waste facility can accept off-site waste. This area includes Resource Conservation and Recovery Act (RCRA) Treatment, Storage and Disposal facilities, solid waste disposal facilities,**

## **RCRA Subpart X (open/burning/open detonation) and operations.**

### **Water Resources (DoD Question # 258, 274-299):**

**This section asks about the condition of ground and surface water, and the capacity of water resources and water related utilities, including Industrial Wastewater Treatment plants, non-potable water systems, potable water systems, pretreatment units and sanitary sewage treatment capacity.**

### **Wetlands (DoD Question # 251, 257):**

**The existence of jurisdictional wetlands poses restraints on the use of land for training, testing or operations. In the data call the installations were asked to report the presence of jurisdictional wetlands and compare the percent of restricted acres to the total acres. The presence of jurisdictional wetlands may reduce the ability of an installation to assume new or different missions, even if they do not presently pose restrictions, by limiting the availability of land.**

## **How the Impact of Costs Related to Environmental Restoration**

### **e Considered**

**The impact of costs related to potential**

DEPARTMENT OF THE NAVY

OFFICE OF THE SECRETARY  
1000 NAVY PENTAGON  
WASHINGTON, DC 20350-1000

07 March 2005

MEMORANDUM FOR CHAIR, MEDICAL JOINT CROSS SERVICE GROUP

Subj: REQUEST FOR SUMMARY OF SCENARIO ENVIRONMENTAL IMPACTS (SSEIs)

Ref: (a) MED JCSG ltr of 22 FEB 05 Re: MED-0024  
(b) MED JCSG ltr of 01 MAR 05 Re: MED-0025  
(c) MED JCSG ltr of 01 MAR 05 Re: MED-0029

Encl: (1) SSEI for MED-0024  
(2) SSEI for MED-0025  
(3) SSEI for MED-0029

Per Memorandum, Acting Under Secretary of Defense (Acquisition, Technology & Logistics) and Chairman, Infrastructure Steering Group, dated December 7, 2004, Subject: Transformation Through Base Realignment and Closure (BRAC 2005) Policy Memorandum Four-Selection Criteria 7 and 8 and your requests, references (a) through (c), enclosures (1) through (3) are provided.

Each document is compiled by our environmental staff based on certified data for the Department of the Navy installations involved in the scenarios. The data continues to be reviewed and refreshed. If we discover changes, which alter our environmental analysis, we will notify you accordingly. If you have any questions or require any additional information, please feel free to contact my point of contact CDR Margy Carlson JAGC, USN at (703) 602-6528.

A handwritten signature in cursive script, appearing to read "Anne Rathmell Davis".

Anne Rathmell Davis  
Special Assistant to the Secretary of the Navy  
for Base Realignment and Closure

## **Summary of Scenario Environmental Impacts**

### **MED scenario, MED-0024 (DON Installations only)**

Action 1: Collocate combat casualty care and resuscitative medicine R&D function (excluding hyperbaric medicine) of NAVMEDRSCHCEN SILVER SPRING MD (located on Walter Reed Army Medical Center) with Army Institute of Surgical Research, Ft Sam Houston, TX, at Ft Sam Houston, TX.

Action 2: Collocate transplant medicine R&D function of NAVMEDRSCHCEN SILVER SPRING MD (located on leased space in NCR) with Army Institute of Surgical Research, Ft Sam Houston, TX, at Ft Sam Houston, TX.

Action 3: Collocate NAVDENBIOMEDRSCH GREAT LAKES IL, the Army Dental Research Detachment, and Air Force Dental Investigative Service (both located at Naval Station Great Lakes, IL) with Army Institute of Surgical Research, Ft Sam Houston, TX, at Ft Sam Houston, TX.

Action 4: Collocate NAVSUBMEDRSCHLAB NEW LONDON CT with NAVXDIVINGU PANAMA CITY FL at NAVXDIVINGU PANAMA CITY FL.

Action 5: Collocate hyperbaric medicine R&D function of NAVMEDRSCHCEN SILVER SPRING MD (located on Walter Reed Army Medical Center) with NAVXDIVINGU PANAMA CITY FL at NAVXDIVINGU PANAMA CITY FL.

Action 6: Consolidate biological defense vaccine R&D function of NAVMEDRSCHCEN SILVER SPRING MD (located on leased space in NCR) with NAVMEDRSCHCEN SILVER SPRING MD (located on Walter Reed Army Medical Center) at Walter Reed Army Medical Center.

### **MED scenario, MED-0055 (DON Installations Only) (Replaced actions 4 and 5 from MED-0024)**

Action 1: Realign Naval Submarine Base New London by co-locating NAVSUBMEDRSCHLAB NEW LONDON CT with NAVMEDRSCHCEN\_SILVER\_SPRING\_MD at Walter Reed Army Medical Center Forest Glen Annex, Silver Spring, MD.

## General Environmental Impacts

<b>Environmental Resource Area</b>	<b>Naval Station Great Lakes, IL (Installation Realigned)</b>	<b>SUBASE New London, CT (Installation Realigned)</b>
Air Quality	NAVSTA Great Lakes is in severe nonattainment for 1 hour O3 and Moderate nonattainment for 8 hour O3. NASTA Great Lakes is also in nonattainment for PM2.5. No impact.	SUBASE New London is in severe nonattainment for 1 hour O3 and Moderate nonattainment for 8 hour O3. No impact.
Cultural/Archeological/Tribal Resources	Historic sites exist. The installation has a programmatic agreement. No Impact.	Archeological and historic sites exist. No impact.
Dredging	No impact.	SUBASE New London has a dredging maintenance requirement and there are known impediments to deepening existing channels. No impact.
Land Use Constraints/Sensitive Resource Areas	ESQD arcs and underground storage tanks are present. No impact.	ESQD arcs with waivers or exemptions underground storage tanks, radiation safety zones, floodplains electromagnetic emission, and zoning restrictions are present on the installation. No impact.
Marine Mammals/Marine Resources/ Marine Sanctuaries	Sensitive Resource Areas are present. No impact.	Marine resources and sensitive resource areas are present. No impact.
Noise	No impact.	No impact.
Threatened& Endangered Species/Critical Habitat	TES are present. No impact.	No impact.
Waste Management	Decrease in waste disposal.	Decrease in waste disposal. SUBASE New London has a permitted RCRA TSD facility.
Water Resources	Decrease in water consumption. Contamination has been found in the groundwater.	Decrease in water consumption. Contamination has been identified in the surface water on the installation. The state regulates withdrawal of groundwater. The

		installation has reported exceedances of drinking water standards.
Wetlands	NAVSTA Great Lakes has .95% of total acres restricted by wetlands. No impact.	SUBASE New London has 9% of the total acres restricted by wetlands. No impact.

Action 3: No environmental information was collected from the Army Dental Research Detachment and the Air Force Dental Investigative Service.

### Impacts of Costs

<b>Selection Criterion 8 Environmental Points</b>	<b>Naval Station Great Lakes, IL (Installation Realigned)</b>	<b>SUBASE New London, CT (Installation Realigned)</b>
Environmental Restoration	DERA Costs through FY-03 were \$5.9M; \$25M CTC	DERA Costs through FY-03 were \$56.5M; \$23.9M CTC
Waste Management	None	None
Environmental Compliance	None	None

## Summary of Scenario Environmental Impacts

### MED scenario, MED-0025 (DON Installations only)

Action 1: Co-locate NAVAEROMEDRSCHLAB Pensacola, FL with Air Force Research Lab, Human Effectiveness Division at Wright-Patterson AFB, Dayton, OH.

Action 2: Co-locate the Medical Research and Development function at NAVAIRWARCENACDIV Patuxent River, MD with Air Force Research Lab, Human Effectiveness Division at Wright-Patterson AFB, Dayton, OH.

## General Environmental Impacts

<b>Environmental Resource Area</b>	<b>NAS Pensacola, FL (Installation Realigned)</b>	<b>NAS Patuxent River, MD (Installation Realigned)</b>
Air Quality	NAS Pensacola is in attainment for all criteria pollutants. No impact.	NAS Patuxent River is in attainment for all criteria pollutants. No impact.
Cultural/Archeological/Tribal Resources	Archeological and historic sites are present. Federally recognized Native American Tribes have asserted an interest in the installation. No impact.	Archeological and historic sites are present. No impact.
Dredging	The military installation has a dredging maintenance requirement. No impact.	No impact.
Land Use Constraints/Sensitive Resource Areas	ESQD arcs and underground storage tanks are present. No impact.	ESQD arcs, international treaties and underground storage tanks are present. No impact.
Marine Mammals/Marine Resources/ Marine Sanctuaries	Marine mammals and sensitive resource areas are present on the installation. No impact.	Sensitive resource areas are present. No impact.
Noise	Noise contours are present on the installation. No impact.	Noise contours are present on the installation. No impact.
Threatened& Endangered Species/Critical Habitat	TES are present on the installation. No impact.	TES are present. No impact.
Waste Management	Decrease in waste disposal.	Decrease in waste disposal.
Water Resources	Decrease in water consumption. Contamination has been found in ground water and the State regulates withdrawals.	Decrease in water consumption. Contamination has been found in ground water and the State regulates withdrawals.
Wetlands	NAS Pensacola has 11.2% of total acres restricted by wetlands	NAS Patuxent River has 5.9% of total acres restricted by wetlands

	on the installation and 13.6% restricted on the auxiliary field. No impact.	on the installation, 100% restricted on the range and 24.5% restricted on the auxiliary field. No impact.
--	--	--

**Impacts of Costs**

<b>Selection Criterion 8 Environmental Points</b>	<b>NAS Pensacola, FL (Installation Realigned)</b>	<b>NAS Patuxent River, MD (Installation Realigned)</b>
Environmental Restoration	DERA Costs through FY-03 were \$56.1M; \$59.2M CTC	DERA Costs through FY-03 were \$40.3M; \$62M CTC
Waste Management	None	None
Environmental Compliance	None	None

## Summary of Scenario Environmental Impacts

### MED scenario, MED-0029 (DON Installations only)

Action 1: Realign AFIP (Walter Reed) by relocating the Pathology Outsourcing Oversight function of AFIP (Walter Reed) with NATNAVMEDCEN BETHESDA MD at NATNAVMEDCEN BETHESDA MD.

Action 2: Realign AFIP (Leased Space) by relocating the Armed Forces Legal Medicine function of AFIP from Leased Space (Gaithersburg MD) to NAVMEDTRACOM\_BETHESDA\_MD.

Action 3: Realign Walter Reed by relocating the Enlisted Histotech Training function of Walter Reed with NAVMEDCEN SAN DIEGO CA at NAVMEDCEN SAN DIEGO CA.

## General Environmental Impacts

<b>Environmental Resource Area</b>	<b>National Naval Medical Center Bethesda, MD (Installation Gaining Function)</b>	<b>Naval Medical Center San Diego, CA (Installation Gaining Function)</b>
Air Quality	NNMC Bethesda is Moderate Nonattainment for Ozone (1hr and 8hr).	NMC San Diego is maintenance for 1 hour O3 and deferred nonattainment for 8 hour O3.
Cultural/Archeological/Tribal Resources	Historic property has been identified. No impact.	No impact.
Dredging	No impact.	No impact.
Land Use Constraints/Sensitive Resource Areas	71 acres are available for development.	0 acres are available for development.
Marine Mammals/Marine Resources/ Marine Sanctuaries	No impact.	No impact.
Noise	No impact.	No impact.
Threatened& Endangered Species/Critical Habitat	No impact.	TES are present. No impact.
Waste Management	Increase to waste disposal. NNMC has a permitted hazardous waste RCRA Treatment Storage and Disposal (TSD) facility.	Increase to waste disposal.

Water Resources	Increase to water production. NNMC discharges to an impaired waterway.	Increase to water production. NMC San Diego discharges to an impaired waterway.
Wetlands	.1% Wetlands	No impact.

### Impacts of Costs

<b>Selection Criterion 8 Environmental Points</b>	<b>National Naval Medical Center Bethesda, MD (Receiving Asset)</b>	<b>Naval Medical Center San Diego, CA (Installation Gaining Function)</b>
Environmental Restoration	DERA costs spent \$2.9M thru FY03; Has \$ 2.5 M remaining CTC.	No DERA program.
Waste Management	None	None
Environmental Compliance	None	None

# Economic Impact Report

This report depicts the economic impact of the following Scenarios:

MED 029: Disestablish AFIP

The data in this report is rolled up by Region of Influence

ECONOMIC IMPACT DATA

**Scenario:** All Selected (see title page)  
**Economic Region of Influence(ROI):** Bethesda-Frederick-Gaithersburg, MD Metropolitan Division  
**Base:** All Bases  
**Action:** All Actions

**Overall Economic Impact of Proposed BRAC-05 Action:**

ROI Population (2002): 1,118,094  
 ROI Employment (2002): 727,010  
 Authorized Manpower (2005): 5,701  
 Authorized Manpower(2005) / ROI Employment(2002): 0.78%

# Candidate #MED-0029 AFIP

**Candidate Recommendation (abbreviated):** Realign Walter Reed as follows: disestablish all elements of AFIP except the National Medical Museum and the Tissue Repository; relocate the Armed Forces Medical Examiner, DNA Registry, and Accident Investigation to Dover AFB; relocate sufficient personnel to the NNMC, Bethesda, to establish a Program Management Office that will coordinate pathology results, contract administration, and QA/QC of DoD second opinion consults worldwide; relocate Legal Medicine to the NNMC, Bethesda; and relocate enlisted histology technician training to Fort Sam Houston.

## Justification

- ✓ Reduces excess capacity
- ✓ Aligns military unique functions for enhanced operational mission effectiveness
- ✓ Divests DoD of non-military unique operations

## Military Value

- ✓ Military judgment: Divests DoD of non-military unique operations; aligns military unique functions for enhanced operational mission effectiveness
- ✓ Medical/Dental RDA MV Avg
  - ✓ with AFIP: 18.84
  - ✓ without AFIP: 19.22

## Payback

- ✓ One Time Cost: \$83.3M
- ✓ Net Implementation Cost: \$39.8M
- ✓ Annual Recurring Savings: \$9.8M
- ✓ Payback Period: 7 Years
- ✓ NPV (savings): \$56M

## Impacts

- ✓ Criteria 6: –799 jobs (476 direct/323 indirect); .03%
- ✓ Criteria 7: No issues
- ✓ Criteria 8: No impediments.

## **Candidate Recommendation #MED-0029**

Candidate Recommendation: Realign Walter Reed Army Medical Center, DC, as follows: disestablish all elements of the Armed Forces Institute of Pathology except the National Medical Museum and the Tissue Repository; relocate the Armed Forces Medical Examiner, DNA Registry and Accident Investigation to Dover Air Force Base, DE; relocate sufficient personnel to the National Naval Medical Center, Bethesda, MD, to establish a Program Management Office that will coordinate pathology results, contract administration, and quality assurance and control of DoD second opinion consults worldwide; relocate Legal Medicine to the National Naval Medical Center, Bethesda, MD; and relocate enlisted histology technician training to Fort Sam Houston, TX.

Justification: The Armed Forces Institute of Pathology (AFIP) was originally established as the Army Medical Museum in 1862 as a public and professional repository for injuries and disease specimens of Civil War soldiers. In 1888, educational facilities of the Museum were made available to civilian medical professions on a cooperative basis. In 1976, Congress established AFIP as a joint entity of the Military Departments subject to the authority, control, and direction of the Secretary of Defense. As a result of this recommendation, in the future the Department will rely on the civilian market for second opinion pathology consults and initial diagnosis when the local pathology labs capabilities are exceeded. Military personnel will be redistributed by the Services to replace civilian and contract medical personnel elsewhere in the Military Health System. Enlisted histology technician training will be transferred to Fort Sam Houston. Future pathology residents and fellows will be trained through other means. Although the jobs are lost in the military system the same type of job is available in the community. A portion of those jobs are moving only a few miles west but cross ROI metropolitan boundaries. Shifting of workload to civilian universities and pathology labs is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$83.3M. The net of all costs and savings to the Department during the implementation period is a cost of \$39.8M. Annual recurring savings to the Department after implementation are \$9.8M, with a payback expected in seven years. The net present value of the costs and savings to the Department over 20 years is a savings of \$56M

### Impacts:

Economic impacts: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 799 jobs (476 direct jobs and 323 indirect jobs) over

the 2006-2011 period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division, which is less than 0.1% of economic area employment.

**Community infrastructure:** A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

**Environmental impacts:** This recommendation may impact air quality at Dover, which is located in a nonattainment area for ozone(8hr). A preliminary conformity analysis shows that a conformity determination may not be necessary. Dover is located within 100 miles of Brigantine Wilderness, a critical air quality region. This recommendation may impact air quality at Bethesda which is moderate nonattainment for Ozone (1hr and 8hr)This does not impact operations. Archaeological resources are present at Dover, and one restricts potential future military family housing privatization. There are also 2 historical properties not in districts that do not restrict operations. Additional operations may impact these resources and restrict operations. Four sensitive resource areas are present at Dover but do not constrain operations. Additional operations may impact these areas and constrain operations. Dover cannot expand ESQD Arcs by more than 100 feet without a waiver, which may lower the safety of the base if operations are added. Modification to the hazardous waste program at Dover may be required and the state requires a permit for withdrawal of groundwater. This recommendation will increase waste disposal at Bethesda, which has a permitted hazardous waste RCRA Treatment Storage and Disposal facility. Bethesda discharges to an impaired waterway. Wetlands restrict 2% of Dover but do not currently restrict operations. Additional operations may impact wetlands, which may restrict operations. This recommendation has no impact on dredging; marine mammals, resources, or sanctuaries; noise; or threatened and endangered species or critical habitat. This recommendation will require an air conformity analysis and national environmental policy act documentation at the receiving locations. Additionally, minor modifications will be required to the waste management program at Dover. The approximately \$0.35M cost for these actions was included in the payback calculation. This recommendation does not otherwise impact the costs of environmental restoration, waste management, and environmental compliance activities.

Supporting Information:

- **Linked recommendations:** MED-0002. In MED-0002, the recommended actions include the relocation of healthcare to NNMC Bethesda and Fort Belvoir.
- **Force Structure Capabilities.** The MJCSG assumed the existing medical force structure is, as detailed in the FY06 POM, required to sustain DoD capabilities.
- **Military Value Analysis Results.** The Medical Joint Cross Service Group (MJCSG) Military Value (MV) analysis included three subfunctions: Healthcare Education and Training, Healthcare Services, and Medical/Dental Research, Development and Acquisition. These three subfunctions were scored individually and included an assessment of the facilities condition and ability to support the function. The three subfunctions were then combined into a single military value score for each medical facility in accordance with the table below. Weighting was developed by the members of the MJCSG and represents the consensus of the principal members. This weighting provides an avenue for assigning a relative military value for all medical facilities that may be present at a location and is weighted towards the central military Healthcare mission, Healthcare Services, without denying the significance of the other subfunctional areas inherent to the medical mission.

*Composite Medical Military Value Score*

<u>Function</u>	<u>Weight</u>
Healthcare Education & Training	20%
Healthcare Services	60%
Medical/Dental Research, Development & Acquisition	20%

The recommendation focuses on the disestablishment of the Armed Forces Institute of Pathology due to its low military value of 1.63 and relocation of the militarily relevant functions to locations of higher military value, Dover AFB, Fort Sam Houston, and NNMC Bethesda. A listing of the military values for MJCSG activities is given in attachment 1.

- **Retention of Militarily Relevant Functions:** The following functions that should remain within DoD because of their inherent governmental mission, need for DoD control, and the lack of a commercially marketable product:

- Center for Clinical Laboratory Medicine
  - Office of the Armed Forces Medical Examiner
  - DoD DNA Registry
  - DoD Drug Testing Program Quality Assurance
  - Legal Medicine
  - Congressionally Mandated Patient Safety Center
  - Automated Central Tumor Registry
  - DoD Veterinary Pathology Residency Program
  - The National Museum of Health and Medicine
  - Armed Forces Repository of Specimen Samples for Identification of Remains
  
- Capacity Analysis Results. The capacity analysis was conducted to determine each of AFIP's three product lines: Pathology consults, Education, and Research. Unit of measures for each product line is cases, CME hours, and research grant dollars. The capacity being diverted for civilian uses is the focus of the recommendation. By eliminating this subsidy of commercial activities, the workload is reduced to the extent that the requirement to retain this activity in DoD is no longer required and can be accommodated within existing military MTFs or outsourced to civilian institutions.
  - Elimination of Non-Core Military Functions. Over half of AFIP's capacity is being dedicated to commercial activities with private industry. Since these are not DoD/DHP core business requirements they are considered excess and should be discontinued. Therefore it is recommended to eliminate these non-core product lines and retain only the critical ones.
    - Outsource Advanced Pathology. On average AFIP receives about 53,000 difficult to diagnose cases for a second-opinion consultation. Of these 53,000 second-opinion cases, 90% are tumor cases – requiring immediate patient treatment options. Each year AFIP's experts provide a minor or major change to a consultation in 48% of the cases received; in fact, 2,500 of these cases fall into the "major change" category. Many of these cases could present high-risk medicolegal problems. Changing a diagnosis from benign lesion to cancer, or from cancer to benign lesion, greatly changes treatment outcome, leading to a potential savings of millions of dollars in medical malpractice claims. Even a minor diagnostic change with

respect to a pathological disagreement has a significant and sometimes crucial effect on clinical management of the patient.

- Realign and Outsource Pathology Education. Sufficient capacity exists to realign pathology residencies and fellowships to military MTFs or outsource to civilian programs. Minimal loss of military value is anticipated.
- Listed below are the military specific DoD programs and surveillance services:
  - Body Armor
  - GEIS-Environmental, AFME
  - War Registries-POW, Agent Orange, Kuwait
  - Sarcoidosis-Environmental
  - Microbiology & Biodefense-Environ, CHPPM
  - Expanded Military Working Dogs
  - Molecular techniques on repository cases
  - Military Tumor Registry
  - Geographical Pathology
  - Cystic Fibrosis Screening
  - Depleted Uranium
  - Patient Safety Center
  - Medical Mortality Registry
  - NMHM collections based support for Military Medical Agendas, documentary support to TMM

\*Clinics are not configured to accommodate medical training programs which require dedicated student classrooms.

\*\* Community hospitals are not configured to accommodate medical training programs which require dedicated student classrooms.

\*\*\*Primary Medical Education and Training capability focuses on Officer Graduate Medical programs which are conducted in the Primary Care clinic areas versus dedicated classrooms. (Camp LeJeune and West Point)

\*\*\*\*The MJCSG has determined Medical Education and Training surge requirements can be accommodated by making adjustments to the current mode of operations (i.e. conduct classes via shift schedule or expansion agreements with civilian community). Thus, the requirement is zero.

\*Clinics are not configured to accommodate medical training programs which require laboratory classrooms.

\*\* Do not conduct medical training programs requiring dedicated laboratory classrooms.

\*\*\*The MJCSG has determined Medical Education and Training surge requirements can be accommodated by making adjustments to the current mode of operations (i.e. conduct classes via shift schedule or expansion agreements with civilian community). Thus, the requirement is zero.

\*The MJCSG has determined Healthcare Services Ambulatory Care surge requirements can be accommodated by making adjustments to the current mode of operations (i.e. extend operational hours or differ workload to the TRICARE network. Thus, the surge requirement is zero.

\*\*The information provided is the best available data, however the MJCSG is pursuing request for clarification for these data elements..

\*\*\*Schriever AFB was not an active site during the time period the data represents.

## **FORT SAM HOUSTON, TX**

### **Demographics**

The following tables provide a short description of the area near the installation/activity. FORT SAM HOUSTON is within San Antonio, TX, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
San Antonio MSA	1,592,383

The following entities comprise the military housing area (MHA):

County/City	Population
Atascosa	38628
Bexar	1392931
Comal	78021
Guadalupe	89023
Kendall	23743
Medina	39304
Wilson	32408
<b>Total</b>	<b>1,694,058</b>

### **Child Care**

This attribute captures the number of nationally accredited child-care centers within the local community: 20

### **Cost of Living**

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income	(US Avg \$41,994)	\$39,140	Basis: MSA
Median House Value	(US Avg \$119,600)	\$77,100	
GS Locality Pay	("Rest of US" 10.9%)	10.9%	
O-3 with Dependents BAH Rate		\$1,138	
In-state Tuition for Family Member		Yes	
In-state Tuition Continues if Member PCSs Out of State			

### **Education**

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	301,450	16 of 16 districts
Students Enrolled	270,614	16 of 16 districts
Average Pupil/Teacher Ratio	16.1:1	16 of 16 districts
High School Students Enrolled	78,376	16 of 16 districts
Average High School Graduation Rate (US Avg 67.3%)	86.7%	16 of 16 districts
Average Composite SAT I Score (US Avg 1026)	985	16 of 16 districts
Average ACT Score (US Avg 20.8)	21	16 of 16 districts
Available Graduate/PhD Programs	9	
Available Colleges and/or Universities	10	
Available Vocational and/or Technical Schools	16	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.1%	3.4%	4.0%	5.2%	5.5%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	2.1%	1.1%	.9%	.7%	1.9%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	39,826	Basis: MSA
Vacant Sale Units	6,699	
Vacant Rental Units	15,650	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	4,405	3,995	1,592,383	Basis: MSA
Ratio	1:361	1:399		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	6,775.0	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from FORT SAM HOUSTON to nearest commercial airport: 8.0 miles

Is FORT SAM HOUSTON served by regularly scheduled public transportation? No

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

DRAFT DELIBERATIVE DOCUMENT - FOR DISCUSSION PURPOSES ONLY - NOT  
RELEASABLE UNDER FOIA

*This document may contain information protected from disclosure by public law, regulations or orders.*

# **WALTER REED ARMY MEDICAL CENTER, DC**

## **Demographics**

The following tables provide a short description of the area near the installation/activity. WALTER REED ARMY MEDICAL CENTER is within Washington, DC, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
WASHINGTON MSA	4,923,153

The following entities comprise the military housing area (MHA):

County/City	Population
Alexandria	128283
Arlington	189453
District Of Columbia	572059
Fairfax	969749
Falls Church	10377
Montgomery	873341
Prince George's	801515
Total	3,544,777

## **Child Care**

This attribute captures the number of nationally accredited child-care centers within the local community: 117

## **Cost of Living**

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income	(US Avg \$41,994)	\$62,216	Basis: MSA
Median House Value	(US Avg \$119,600)	\$178,900	
GS Locality Pay	("Rest of US" 10.9%)	14.6%	
O-3 with Dependents BAH Rate		\$2,006	
In-state Tuition for Family Member		No	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	139,950	1 of 1 district
Students Enrolled	138,879	1 of 1 district
Average Pupil/Teacher Ratio	10.8:1	1 of 1 district
High School Students Enrolled	43,467	1 of 1 district
Average High School Graduation Rate (US Avg 67.3%)	91.8%	1 of 1 district
Average Composite SAT I Score (US Avg 1026)	1094	1 of 1 district
Average ACT Score (US Avg 20.8)		
Available Graduate/PhD Programs	25	
Available Colleges and/or Universities	12	
Available Vocational and/or Technical Schools	22	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	2.6%	2.4%	3.1%	3.7%	3.5%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.3%	3.0%	1.4%	1.0%	1.0%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	94,577	Basis: MSA
Vacant Sale Units	19,464	
Vacant Rental Units	29,918	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	15,810	9,163	4,923,153	Basis: MSA
Ratio	1:311	1:537		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	4,047.0	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from WALTER REED ARMY MEDICAL CENTER to nearest commercial airport: 10.0 miles

Is WALTER REED ARMY MEDICAL CENTER served by regularly scheduled public transportation? Yes

### **Utilities**

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

# COMNAVDIST\_WASHINGTON\_DC, DC- NNMC BETHESDA

## Demographics

The following tables provide a short description of the area near the installation/activity. COMNAVDIST\_WASHINGTON\_DC is within Washington, DC, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
Washington, DC-MD-VA-WV PMSA	4,923,153

The following entities comprise the military housing area (MHA):

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	94,577	Basis: MSA
Vacant Sale Units	19,464	
Vacant Rental Units	29,918	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	9,031	15,667	4,923,153	Basis: MSA
Ratio	1:545	1:314		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	4,047.1	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from COMNAVDIST\_WASHINGTON\_DC to nearest commercial airport: 3.7 miles

Is COMNAVDIST\_WASHINGTON\_DC served by regularly scheduled public transportation? Yes

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

# Dover AFB, DE

## Demographics

The following tables provide a short description of the area near the installation/activity. Dover AFB is 99.7 miles from Baltimore, MD, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
Dover, DE MSA	126,697

The following entities comprise the military housing area (MHA):

County/City	Population
Kent	126697
Total	126,697

## Child Care

This attribute captures the number of nationally accredited child-care centers within the local community: 1

## Cost of Living

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income (US Avg \$41,994)	\$40,950	Basis: MSA
Median House Value (US Avg \$119,600)	\$114,100	
GS Locality Pay ("Rest of US" 10.9%)	10.9%	
O-3 with Dependents BAH Rate	\$1,164	
In-state Tuition for Family Member	Yes	
In-state Tuition Continues if Member PCSs Out of State	No	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	7,415	1 of 1 district
Students Enrolled	6,063	1 of 1 district
Average Pupil/Teacher Ratio	15.0:1	1 of 1 district
High School Students Enrolled	1,745	1 of 1 district
Average High School Graduation Rate (US Avg 67.3%)	80.4%	1 of 1 district
Average Composite SAT I Score (US Avg 1026)	980	1 of 1 district
Average ACT Score (US Avg 20.8)	21	1 of 1 district, 1 MFR
Available Graduate/PhD Programs	3	
Available Colleges and/or Universities	5	
Available Vocational and/or Technical Schools	1	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.8%	4.2%	3.6%	4.0%	4.2%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	.2%	3.8%	4.0%	.1%	1.5%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	3,257	Basis: MSA
Vacant Sale Units	508	
Vacant Rental Units	1,120	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	214	329	126,697	Basis: MSA
Ratio	1:592	1:385		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	3,883.8	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from Dover AFB to nearest commercial airport: 73.9 miles  
Is Dover AFB served by regularly scheduled public transportation? Yes

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

# **WALTER REED ARMY MEDICAL CENTER, DC**

## **Demographics**

The following tables provide a short description of the area near the installation/activity. WALTER REED ARMY MEDICAL CENTER is within Washington, DC, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
WASHINGTON MSA	4,923,153

The following entities comprise the military housing area (MHA):

County/City	Population
Alexandria	128283
Arlington	189453
District Of Columbia	572059
Fairfax	969749
Falls Church	10377
Montgomery	873341
Prince George's	801515
Total	3,544,777

## **Child Care**

This attribute captures the number of nationally accredited child-care centers within the local community: 117

## **Cost of Living**

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income	(US Avg \$41,994)	\$62,216	Basis: MSA
Median House Value	(US Avg \$119,600)	\$178,900	
GS Locality Pay	("Rest of US" 10.9%)	14.6%	
O-3 with Dependents BAH Rate		\$2,006	
In-state Tuition for Family Member		No	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education.
