Dear Mr. Bilbray

It would be a shame to have
you to have to keep Cannon AFB
here. you have so much in
Nevada and we don't have anything
here. We may not even have a
railroad coming through here
any more so we need to keep the
people and the planes here.

So many of these people
just got here and it's not right
for them to have to move so
soon. I think your state of
Nevada would understand it's not
going to hurt them.

I hope that you will
help to keep the people and
planes here.

Thank you.
