Since I was unable to reach you by phone today, I wanted to write to thank you for your willingness to review our situation at Keeshler Air Force Base. The Medical Center there is immensely important to our state, the base and our

Very large veterans community. I
appreciate your allowing General Griffith
to provide you the facts on Keiser -

Merday

Dear Tony -

I'm sorry we didn't get to talk today as scheduled. I wanted to thank you for all the hard work and to reiterate the very compelling cases we have relative to the

Kessler Medical Center/Hospital and
the Stennis Naval Support Center
for the 4th Regional. The Point you just
got those wrong as I believe our
presentations made clear in New

Orleans -

Thanks again for your service -
J. H. H.
