DCN: 8996

8/15/05

Dear BRAC Commissioners,

I know you are probably receiving multiple pleas like this from across the country - this is a heart-felt plea for you to remove Cannon Air Force Base (Clovis, NM) from your list of military bases for possible closure.

My parents returned to Clovis, New Mexico after retiring to live next to CAFB and the ammenities that are due them, after my father's 26 years of service in the United States Air Force. My parents (and their friends) are as involved with CAFB as retirees can be - closure of this base would be devastating in many ways - physically and emotionally to thousands of people. And that area of the state, and the country, needs the valuable resource that is Cannon Air Force Base.

Thank you for your consideration. Katie Harner
