Dear Sir,

Your hand letter of 20th ultimo was received this evening. I wrote back on 22nd last. I have heard nothing from him. I have a letter of atty. from Philadelphia, but not acknowledged in accordance with Dec. 21st, 1833, Treaty, &c. U.S.

I also received last July a copy of the Treaty between the Republic of Texas and Cherokee Indians. The Treaty to be certified to by Govt. of State of Texas with official seal attached.

I got the Declaration of Rights.

I.G. Vore letter collection

Portal to Texas History

Project Description

The University of North Texas Libraries have received a National Leadership Grant from the Institute of Museum and Library Services for a two-year study to identify the user interface requirements of genealogists interacting with the libraries’ Portal to Texas History. The Portal provides users with a digital gateway to collections in Texas libraries, museums, archives, historical societies and private collections. It contains primary source materials, including maps, books, manuscripts, diaries, photographs, and letters.

The IOGENE project will identify a model for digital library interface development using a user-centered design approach. Genealogists will be involved in the design process beginning with an assessment of their information use environment and continuing through usability testing of the redesigned Portal interface.

The results of this study will provide the library community with information about the needs and interface requirements of a little-studied group of lifelong learners who comprise a significant proportion of digital library users.
