A Note for Contributors

We certainly appreciate the added appeal of pictures in The HEXAGON. When taking photos for submission, please:

• Always use a flash indoors.
• Do not edit or alter your images. The HEXAGON production staff can and will determine if an image needs color correcting or additional processing.
• Set your digital camera quality to its highest setting with the least compression. Photos that are less than 8 inches wide at 72 dpi, or that have a file size of under 1 megabyte, may be too small for print production.
• Please send us the image file that is directly from the camera. Photos that are extracted from iPhoto albums, Facebook pages or Word documents have file sizes that have been compromised.
• Print photos are welcome!
