1. GENERAL GUIDANCE

1.1 Purpose. Public Law (PL) 104-113 [15 USC 272(b), March 7, 1996], The National Technology Transfer and Advancement Act of 1995, and Office of Management and Budget (OMB) Circular A-119 (OMB A-119), Federal Participation in the Development and Use of Voluntary Standards, describe the policy of the Federal Government regarding (a) adoption and use of voluntary (i.e., non-Government) standards in lieu of developing Government (i.e., DOE) standards, and (b) participation of Government employees in the activities on non-Government standards bodies. The policy outlined in PL 104-113 and OMB A-119 is reflected in DOE Order 1300.2A, Department of Energy Technical Standards Program. As discussed in Order 1300.2A, participation by Department employees and contractors in the activities on non-Government standards bodies is encouraged. DOE participation in the standards-related activities of non-Government standards bodies provides incentives and opportunities to establish standards that serve national needs. Adoption and use of non-Government standards, where appropriate, eliminates the costs associated with developing DOE standards.

PL 104-113 and OMB A-119 require DOE and other Federal agencies to provide periodic reports on the level of agency participation in non-Government standards activities. This technical standards list (TSL) is intended to assist DOE management and other personnel involved in the DOE Technical Standards Program by identifying those participating individuals.

1.2 Information included in this TSL. The body of this document contains a listing of DOE employees and DOE contractors who have submitted form DOE F 1300.2, Record of Non-Government Standards Activity, which is attached to the end of this document and to DOE Order 1300.2A. Additional names were added from rosters supplied by non-Government standards bodies. The committees or governing bodies in which the person participates is listed after each name. An asterisk (*) preceding the committee notation indicates that the person has identified himself or herself as the DOE representative on that committee. Appendices to this document are also provided to sort the information by the parent employment organization, by non-Government standards activity, and by the proper names of the non-Government standards organizations and committees. DOE employees and contractors listed in this TSL are those recorded as of May 15, 1997.

DOE-TSL-4-97

Additions or corrections to the information provided in this TSL may be submitted to the Technical Standards Program Office by completing DOE form F 1300.2. Suggestions for improvements to the format and contents of this TSL may be submitted to the Technical Standards Program Office by completing DOE form F 1300.3, Document Improvement Proposal, which is also provided at the end of this document.

2. KEY WORD LISTING

The following listing of key words is provided to assist with locating this document by electronic retrieval searches:

non-Government standards body
DOE representative
point of contact

INSTRUCTIONS

OMB Burden Disclosure Statement

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of Information Resources Management Policy, Plans and Oversight, Records Management Division, HR-422 - GTN, Paperwork Reduction Project (1910-0900), U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, DC 20585; and to the Office of Management and Budget (OMB), Paperwork Reduction Project (1910-0900), Washington, DC 20503.

1. Indicate type of submittal by placing a check mark in the appropriate block. Minor changes such as a new telephone extension or mailing address may be made by notifying the Technical Standards Program Office by telephone (615-574-0396). If recording termination of a membership, complete block 1-8f only. **[Note: Sections 8b through 10 must be completed for each committee, subcommittee, or working group of the NGSB noted in block 8a of which the participant is a member (each form can be used for 2 committees). Multiple forms may be necessary if the participant is a member of numerous activities within one NGSB or is a member of more than one NGSB.]**
2. Name of individual participating in a non-Government standards activity.
3. Title of person participating in a non-Government standards activity.
4. Organization of which the person is a member: U.S. Department of Energy (DOE) - list organization number (EH-1, ER-8, DP-42 etc.); Contractors list company name and DOE organization supported (Oak Ridge National Laboratory - ER, Westinghouse Savannah River Site - DP, etc.)
5. Mailing address of person participating in a non-Government standards activity.
6. Indicate whether the person participating in a non-Government standards activity is a direct DOE employee, or is a contractor.
7. Office telephone number and fax number.
- 8a. Enter the name of the NGSB and the country under whose auspices the standards committee is operating.
- 8b. Name (and number) of the Main Committee the standards group (subcommittee/working group etc.) reports to. Example: Nuclear Fuel Cycle - C26
- 8c. Type of Main Committee. (If only recording participation on a main committee, do not complete blocks 8d - 8f.
- 8d. Name (and number) of the Subcommittee. (Complete blocks 8d thru 8f to the lowest level group being recorded on this form.
- 8e. Name (and number) of the task or working group (WG).
- 8f. Include any working Sub-Group not listed above that the person participating in a non-Government standards activity is involved in.
9. Record your current or planned position in an activity.
10. Indicate whether the member is able to vote on issues brought before the NGSB committee. (Liaison members often do not vote.)
11. DOE employees and contractors who are formally designated by the appropriate senior line manager to participate in the activities of NGSBs as an official DOE representative should check the "DOE" block. DOE employees and contractors who are members of technical or professional societies and associations because of personal or professional interest should check the "Other" block.
12. Briefly describe the scope of the activity.
13. Signature of participant and date signed.
14. DOE employees and contractors who will be the DOE representative must obtain the signature of the Departmental Element or designated representative as Approving Official before submitting the form. Members not representing DOE are not required to obtain approval unless internal company procedures require higher level company authorization.
15. Title of Approving Official.

INSTRUCTIONS: In a continuing effort to improve the U.S. Department of Energy (DOE) Technical Standards, this form is provided for use in submitting comments and suggestions for improvements. All users of DOE Technical Standards are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge (DO NOT STAPLE) mailed to the address indicated or faxed to (615) 574-0382.

1. The submitter of this form must complete blocks 1 through 8.
2. The Technical Standards Program Office (TSPO) will forward this form to the Preparing Activity. The Preparing Activity will reply to the submitter within 30 calendar days of receipt from the TSPO.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contractors. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
