TRITIUM SUPPLY & RECYCLING PEIS

SPRING 95
SPRING 95
SPRING 95

PUBLIC HEARING INFORMATION

The Department of Energy (DOE) is proposing to build a facility to produce tritium for the next 40 years and is requesting the public to give input on which technology to employ and where to locate such a facility. This information is discussed in the February 1995 *Draft Programmatic Environmental Impact Statement (DPEIS) for Tritium Supply and Recycling* (DOE/EIS-0160).

The public can ask questions and give comments on this DPEIS at any of the 6 interactive public hearings between April 5 and April 20, 1995 in:

- Washington, DC
- Pocatello, ID
- Las Vegas, NV
- North Augusta, SC
- Oak Ridge, TN
- Amarillo, TX

More information on location and dates for each meeting can be found inside.

PUBLIC HEARING FORMAT

Each public hearing will consist of:

- an overview
- discussion groups
- a summary session

Comments will be identified during discussions on Project Descriptions and Environmental Effects and will be summarized for the record. All comments will be reviewed and responses prepared for inclusion in the Final PEIS and the *Comment Response Document*.

Since comments will not be recorded verbatim at the hearings, opportunities will be available to use the Reconfiguration Toll-Free Number to record individual comments.

COMMENTS

Besides providing comments at the public hearings, comments on the DPEIS for Tritium Supply and Recycling can also be submitted by mail, phone, fax, or computer. Specific instructions for submitting comments are listed inside.

The public comment period begins on March 17, 1995, and continues through May 15, 1995.

REGISTRATION

Advance registration for each hearing can be made by mail, phone, fax, or computer. More information and an advance registration form are available inside this brochure.

Registration the day of the hearing is available starting 1 hour before each hearing.

SCHEDULE OF PUBLIC HEARINGS

MASTER

DISTRIBUTION OF THIS DOCUMENT IS UNLIMITED

Advance Registration is suggested by telephone, fax, mail, or computer. Telephone registration will be accepted until the day before the meeting.
