Attosecond Physics 2009 (July 28 – August 1, 2009 at Kansas State U/Manhattan) – Final Report

DOE grant #DE-FG02-09ER16027 entitled “Attosecond Physics 2009 (July 28 – August 1, 2009 at Kansas State U/Manhattan)” - \$5,000.

The \$5,000 grant was requested to support participation of U.S. graduate students and post docs (with preference to students) in the 2nd Attosecond Physics conference held in Kansas State University, July 28 – August 1, 2009. All participating U.S. students were supported to cover their expenses, while the post docs received partial support.

Specifically the supported participants were:

Graduate students		\$3,900	
Kelsie Betsch	University of Virginia	\$700.00	
Shu-Wei Huang	MIT	\$700.00	
Christian Madsen (vis)	KSU	\$200.00	
Sang-Kil Son	University of Kansas	\$500.00	
Chao Wang (vis)	KSU	\$200.00	
Jonathan Wheeler	Ohio State University	\$700.00	
Chenxia Yun (vis)	KSU	\$200.00	
Xibin Zhou	JILA	\$700.00	
Post Docs		\$1,100	
Shaohao Chen	JILA	\$ 28.58	Additional support from NSF funds
Edilson L. Falcao-Filho	MIT	\$357.14	
Evgeny Pronin	University of Nebraska	\$357.14	
Jennifer Tate	LSU	\$357.14	
Total		\$5,000	

We are thankful for the DOE support, which helped us bring in a larger number of graduate students and young post doctoral fellows to this exciting Attosecond Physics meeting.

Also, we note that there were no papers/proceedings published from this meeting.
