On page 16, Section 4.1, second paragraph, fourth sentence, the amount of rainfall during the January 2006 to June 2006 period and subsequent interpretation is inaccurate. The sentence should read, “Rainfall for the period January 2006 through June 2006 is 6.81 cm (2.68 in.), which is approximately four times higher than the historic average over the same period of 1.5 cm. (0.59 in.).”
